

# FIELD OF INTEREST FUNDS

## **SUPPORT YOUR CAUSE**

A Field of Interest Fund allows you to support broad charitable purposes such as basic needs or economic development or the environment. You can also name a more narrow interest such as early learning, or even a geographic area that inspires you. You can choose to advise Jefferson Community Foundation through grant recommendations, or you can let our experienced staff and grant committees fund effective programs and projects that are operating in your chosen Field of Interest. These funds also offer a great way to honor a loved one's charitable interests or your own by establishing a lasting legacy.

## **HOW DO I ESTABLISH A FIELD OF INTEREST FUND?**

Jefferson Community Foundation facilitates the process with donors and their financial advisors when applicable. After the details are discussed, it is as simple as signing a fund agreement and transferring the assets.

## **HOW ARE GRANT AWARDS DETERMINED?**

Our experienced staff will select an organization in the field of interest based on local needs, perform thorough due diligence and then award the grant.

## **CAN A FIELD OF INTEREST FUND BECOME OBSOLETE?**

If a field of interest fund is established to combat a certain issue that ceases to be a concern, the JCF Board of Directors may identify and grant to other charitable causes that align with the donor's original intent.

## **WHO IS THE IDEAL DONOR FOR FIELD OF INTEREST FUNDS?**

These funds are ideal for those interested in addressing needs in a specific area without the added burden of identifying programs and recommending grants. They are also perfect vehicles for individuals and families who wish to leave a legacy of charitable support for a general cause.

## **HOW DOES MY FUND GROW OVER TIME?**

Your funds are managed according to the JCF's investment policy to protect your principal, generate current income and ensure capital growth. You can also invest your fund in collaboration with a professional advisor.
